Summary and keywords	9
Prolog	11
Acknowledgements	12
1 Introduction	14
2 The study area	15
2.1 Position, topography and structure	15
2.2 Geology	18
2.3 Climate	19
2.4 Vegetation	20
2.5 Altitudinal zones	23
2.6 Contemporary changes in the alpine landscape	29
3 Material and methods	37
3.1 Net captures	38
3.2 Yellow-tray traps	39
3.3 Window traps	42
3.4 Malaise traps	42
3.5 Summary of all the localities	44
3.6 Preparation and deposition of the material	60
4 Results	61
4.1 Arrangement and layout	61
4.2 Abbreviations and symbols	63
4.3 Results for the individual families	64
4.3.01 Acartophthalmidae and other small families (VON TSCHIRNHAUS)	65
4.3.02 Acroceridae (KEHLMAYER)	98
4.3.03 Anisopodidae (HAENNI)	102
4.3.04 Anthomyiidae (ACKLAND)	107
4.3.05 Anthomyzidae (ROHÁČEK)	117
4.3.06 Asilidae (DEGEN)	123
4.3.07 Asteiidae (VANIN)	138
4.3.08 Bibionidae (HAENNI)	141
4.3.09 Calliphoridae (ROGNES)	147
4.3.10 Clusiidae (ROHÁČEK)	152
4.3.11 Conopidae (STUKE)	157
4.3.12 Drosophilidae (BÄCHLI)	162
4.3.13 Ephydriidae (ZATWARNICKI)	171
4.3.14 Fanniidae (PONT)	175
4.3.15 Heleomyzidae (WOŽNICA)	178
4.3.16 Muscidae (PONT)	185
4.3.17 Opomyzidae (VAN ZUIJLEN)	198
4.3.18 Phoridae (WEBER & PRESCHER)	201

4.3.19	Pipunculidae (KEHLMAIER)	207
4.3.20	Rhinophoridae (ZIEGLER)	221
4.3.21	Sarcophagidae (WHITMORE, RICHT & PAPE)	229
4.3.22	Scathophagidae (PÜCHEL-WIELING)	238
4.3.23	Sciaroidea excl. Sciaridae (KURINA)	245
4.3.24	Sepsidae (OZEROV)	294
4.3.25	Simuliidae (WERNER)	297
4.3.26	Stratiomyidae (STUKE)	305
4.3.27	Syrphidae (ROMIG)	308
4.3.28	Thaumaleidae (WAGNER & RULIK)	320
4.3.29	Therevidae (HOLSTON)	327
4.3.30	Tipulidae (OOSTERBROEK)	337
4.3.31	Tipuloidea excl. Tipulidae (PODENAS & PODENIENE)	345
4.3.32	Trixoscelididae (WOŹNICA)	355
5	Overview of the results	360
	Riassunto e Parole chiave	363
	Zusammenfassung und Stichwörter	365
6	References (General part)	367
7	List of authors	370
8	Index of the species illustrated	374
9	Index of dipterological names	375
Appendix	I-IV
	Maps showing the topography, geology, land use and forest communities of the Stilfserjoch National Park
